Biography

When King Seighwar of the Aen Ghele disobeyed Aen Saevherne plans in regards to his daughter Narien, Shaerram Dorren, her planned partner, was tasked with recovering her from Seighwar's clutch and bringing her to Tir ná Lia.

Shaerram arrived incognito at Seighwar's court one day, disguised as a wandering musician. The King immediately took a liking to him and made him his court troubadour. Within a few months, Shaerram managed to seduce Narien and, after revealing his true identity to her, convince the Princess to abandon her former life and flee with the Bard-Sage to the world of the Aen Elle. [1]

Legacy

The story of Shaerram stealing Narien from King Seighwar became a cautionary tale amongst the Aen Ghele.[1]

Notes

The character appears only in the *Aen Ghele* resource for *The Witcher Thursdays* written by Mikołaj "SMiki" Skrzyński and as such is non-canon to Andrzej Sapkowski's books.

Trivia

Much like Lara Dorren is Sapkowski's nod to GRRM's *The Lonely Songs of Laren Dorr* (where Laren Dorr is a male character), Shaerram's name is a play on the female character from this story, Sharra.
